

November 27 – 29 2023

Combined SDF and MFI Conference Call for Papers

Combined SDF and MFI

This year the combined IEEE 2023 Symposium Sensor Data Fusion and International Conference on Multisensor Fusion and Integration (SDF-MFI) will take place in Bonn, Germany. We are happy to announce the collaboration of two great conferences on robotics, data fusion, automation and intelligent systems in combined one-track conference. The Uniclub Bonn next to the Rhine river at the center of the former capital provides a great venue.

Topics

Theory: Probability theory, Bayesian inference, nonlinear estimation, Dempster-Shafer, fuzzy sets, logic, machine learning, neural networks, distributed architectures.

Sensors: RGB cameras, depth cameras, radar and sonar devices, laser scanner, infrared sensors, IMU, gyroscopes.

Algorithms for: tracking and localization, recognition, perception, AI in robotics, cognitive systems, sensor registration, big data, sensor management, distributed sensor systems, SLAM, visual servoing, learning by demonstration.

Applications: Sensor networks, robotics, multi-robot systems, bio-inspired systems, automation, biomedical applications, autonomous vehicles (land, sea, air), manipulation planning and control, multifinger hands, micro/nano systems, data fusion, state estimation, artificial intelligence, surveillance, multimodal interface and human robot interaction

Fees

€299.-	Students	€199.-	Stud. AESS/GMA mem.
€499.-	Regular	€399.-	AESS or GMA members
€90.-	1 Tutorial	€150.-	2 Tutorials

Contributions

Prospective authors are encouraged to submit high-quality full draft papers (6-8 pages, IEEE format). All submissions are subject to a peer-review process by the technical program committee. Accepted and presented papers will be submitted to IEEE for publication. At least one of the authors of each accepted contribution is expected to register for the conference and to present the paper. For details contact mfi2023.org.

Important Dates

31.08.2023	Submission of full draft papers
14.09.2023	Submission of full draft papers
27.10.2023	Notification of acceptance
17.11.2023	Submission of the final version

Organisation

Executive Chairs:

- **Wolfgang Koch**, Fraunhofer FKIE and University of Bonn
- **Uwe D. Hanebeck**, Karlsruhe Institute of Technology KIT

Program Chairs:

- **Florian Pfaff**, Karlsruhe Institute of Technology KIT
- **Felix Govaers**, Fraunhofer FKIE, Germany

Tutorial Chair:

- **Isabel Schlangen**, Fraunhofer FKIE, Germany

Special Session Chairs:

- **Martin Herrmann**, Ulm University
- **Michael Buchholz**, Ulm University

Financial Chair:

- **Joachim Biermann**, Fraunhofer FKIE, Germany

Tutorials on Day 1

Jeremie Houssineau	Bridging theory and applications with possibility theory
Sabine Apfeld	Introduction to ELINT and ESM: A Beginner's Tutorial
Daniel Clark	Statistical and information-theoretic methods for multi-sensor multi-target estimation
Corina Barbalata	Emerging trends in sensing capabilities and their integration with underwater robotics
Marcus Baum	Multiple Extended Object Tracking for Automotive Applications
Carolyn Frueh	Human-made Space Object Characterization over Large Distances
